

Attachments for TCM Forklifts

TCM Forklift Attachments - Forklift trucks are a major player in the material handling field of each international industry. Transporting industrial goods happens each day on our hectic world. Originally innovated as industrial vehicles in the 1930s in the U.S., lift trucks gained popularity after World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machines spread globally.

In 1949, founded by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the company is simply referred to as TCM Corporation. Throughout the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation with the business. TCM began building forklift manufacturing sites outside of Japan in the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

With over 50 years of accumulated technology and expertise, TCM has been proudly manufacturing several models of industrial trucks, making their models recognizable all over the world. With an energetic and strong workers, TCM has been able to constantly work towards becoming a future leading material handling company.
