

Forklift Spreader Bars

Forklift Spreader Bars - ELME has been proudly operating since the year 1974, becoming the biggest independent spreader producer all-around the globe. They are a dedicated manufacturer of spreaders for lots of different applications like the swap bodies, trailers, and handling of containers.

Engineering is done in house by using all the most up-to-date CAD systems and FEM tools. The ELME business currently has more than one hundred twenty five staff members. Their spreaders are supplied to reach straddle carriers, lift trucks, gantry, quayside, ship-to-shore cranes and stackers around the world.

The ELME product series offers spreaders for a variety of container and trailer handling operations. A few of their inventory comprise: Straddle Carriers, Ship to Shore Spreaders, Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes, Lift trucks plus a wide variety of attachments.

Manufacturing and production of ELME products are developed in highly automated purpose designed factory. In the year 2008, they made 1150 spreaders by utilizing quality components so as to ensure reliability and high standards. Major characteristics of ELME include design simplicity, market reaction and innovative modular spreader concept.
